**Dragon’s Electrical Apprentices** are keen and solutions-oriented tradespeople. We work in fast-paced commercial settings, and take on a diverse range of electrical projects. Our apprentices gain a broad knowledge of the trade and become more well-rounded Journeymen because of the scopes they’re exposed to. Dragon’s operations are founded in efficiency and we are growing quickly; as such, the ideal candidate will be driven to learn and complete every task with a ‘can-do’ attitude.

**Key Objectives:**

- Be a leader in safety, always looking out for co-workers
- Be open to learning; listen carefully and problem-solve; confidently share your ideas for efficiency
- Perform reliably and eagerly

**Key Tasks & Responsibilities:**

- Operate zero-incident worksites; operate within a safe and healthy work environment by following Dragon’s QHSE program; always complying with applicable regulations; acting as a safety-centric role model
- Tests, installs, services and troubleshoots a wide array of electrical equipment and devices – primarily on commercial construction sites
- Reads and interprets drawings, schematics and Canadian Electrical Code specifications
- Sizes and installs electrical circuits including panels, conduit, wire size and type, etc.
- Installs, examines, replaces or repairs electrical wiring, receptacles, switch boxes, conduits, etc.
- Identify and communicate on-site issues to Journeymen/Site Supervisor, resolving each transparently and effectively to keep projects on track
- Provide exceptional service; confidently communicate with peers, customers and answer questions as required
- Develop and maintain solid working relationships with peers, management and on-site trades; courteous and professional demeanor is a must

**Experience & Required Skills:**

Keen to learn and excel in your career	Must possess and maintain a valid driver's license
Reliable and follows direction with a positive attitude	Must have own transportation as most locations are not accessible with public transportation
Self-starter; takes initiative yet is a team player	Must provide own hand tools & Personal Protective Equipment:
Good working knowledge of CEC	(hard hat, cut-resistant gloves, CSA approved work boots, eyewear)

**Education & Training:**

Registered apprentice electrician (currently 2<sup>nd</sup>, 3<sup>rd</sup> or 4<sup>th</sup> year)  
 Familiarity with commercial food and beverage facilities/operations an asset  
 Valid Fall Arrest safety ticket an asset
